Country by Country reporting

Country-by-Country Return XML Schema and User Guide A CbC Report (which forms part of a CbC Return) must be made in the form of an XML document. The reason for this is that XML documents can be validated and provide a common medium for exchange between the jurisdictions who have introduced CbC reporting requirements.

IRD : Country-by-Country Reporting

You'll need the organisation's country-by-country ID to send their report. Prepare the report in the right format. The report must be created in XML format, following the OECD schema and HMRC ...
